The “Message of the Ancient Ones” was long ago consciously downloaded in the Language of Light from the Star Beings who communicated with the ancient civilizations of the Sonoran Desert. These ancient records of information and energies contained within the strata of Earth of the Sonoran Desert which surrounds Tucson, Arizona, are now being activated, in order that the information they contain may now be sent out to the entire world.

IT IS TIME for ALL humankind to have the realization that the Mother Earth is a Living Being, with a Sacred Consciousness of her own, and that she is capable of communicating directly with human beings, to affect their level of consciousness, and to begin the process of their Enlightenment.

This is her part of “The Enlightenment Project for Planet Earth” which is being carried out now by many Beings of Light and many of the Star Nations who are participating with us in this huge project for Planet Earth!

We wish to use this forum in order to disseminate the knowledge and information necessary in order to bring about this transformation for planet Earth.
