Dear Ones,

What we are wishing for you at this -- your finest hour upon the Earth -- is that you may, by rising into the highest levels of who you are, and having the integration of all lower energies into this Oneness – then have the ability to hold All Life within the Divine embrace of the energies of your Heart Center – opened to full breadth to include ALL -- without judgment, fear, or consideration of anything other than the innate Divinity of All!

For in this way, by focusing upon this image with your minds and hearts, you will open your Being to receive the full-spectrum Divine Light of your higher self – and in this way it shall be accomplished that you will fully integrate the highest frequencies of what is available to you now. And only in this way will it be possible for you, as conscious human beings upon the Earth, to be able to stand fully in your Light and be whole. There must be the inclusion of all! You cannot have these attitudes of separation, competition, and fear any longer – or else you will not make the highest and best use of all that is being opened to you now -- the transcendent Light of the next level of fifth dimensional reality – where you can soar on wings of hope into the Oneness which awaits each of you – even Now!

I am Portia, and I have given you this message from All of us, who watch over those of you on Earth,

Namaste’
