Greetings Dear Ones,

You are being taught well by all of these ones who are bringing you so much of this information about everything that has been spoken of this evening (the importance of creating Sacred Ceremony for the Invocation of the Light of Suns beyond Suns, and the Violet Transmuting Flame -- in order to transmute and clear the debris that is being brought to the surface now by the powerful accelerations and activations that are occurring for the Earth). And it is so important that you realize that THIS IS YOUR MOMENT upon the Earth to Shine! -- To DO everything that you have said and intended to be done, in this – YOUR FINEST HOUR!

I will not lie to you about this! It is not going to be easy – in case you haven't realized this! There are extreme challenges for all of you on the Earth that are going on now, and this is a very big picture that I am looking at, because there is so much misinformation and disinformation that is happening now – until it is quite overwhelming for many people upon the Earth. They look this way and that, one tells them this, the next tells a completely different story on things.

So this is why it is so important that we are bringing you this ability to find your center (the three documents for Creating Sacred Ceremony: Creating Your Sacred Space, The Light of A Thousand Suns Meditation, and The Invocation of The Violet Transmuting Flame). We have given you all of the tools for this, and they are now on the website (www.starbird1.net), as you know, that you may now download these tools, these documents, and begin to have the use of all of this, because this is exactly what you are going to be needing now, and I'm not going to lie to you about this!

Many people would wish that they had such assistance as this. Many people are challenged to the breaking point now, and this is what many of you are very sensitive to! You are feeling all of this debris which is flying about, and you are wondering why you are feeling so challenged right now! And this is why -- because the Earth is in the greatest period of change that has ever come upon her! This is the moment when ALL WILL BE DONE, and MUST BE DONE -- for the changing of Earth from a carbon-based planet into the Solar Light of her Divine frequencies.

This is the huge shift that is happening, and that is what is throwing all into disarray at the present moment – because many do not know how to cope with these energies. They feel that something is happening: things are not progressing as they were, everything is different, nothing is working "right" –

according to the way they think within their lives -- because it is not going along according to the previous plans that have been set up by the human ego -- to have everything continue holding the status quo. And this is no longer going to be allowed, either for Earth, or for people -- for humanity.

EVERYTHING is going to change now! And that is indeed the Divine Fiat that has been issued for the Earth, for precisely this time period. And that is what you need to realize, and this comes from the highest levels of what is universal consciousness, the Divine Origins of the Universe are taking control of the planet Earth now! This is no longer left to the levels of interference which have, for so long, been in control of the planet Earth. All of this is being removed, and many beings are fighting this -- and that is what is throwing much of this debris into the atmosphere that you are having to experience now. And I want you all to realize this!

This is why I have come in to speak to all of you about this -- it is because many people are wondering what is going on! Many people are quite concerned now, because they can see that everything is changing, everything seems to be "out-of-control" -- out of human control, yes -- it is NOT out of Divine control! And that is what you need to be aware of.

The control of this planet has been removed from those who were, shall we say, being a little "obstructionist" on this -- and now they are GONE! And (spoken with wry humor), this is a good thing for planet Earth, I believe! And I have, as well as many others, taken part in removing these interferences from the sphere of Earthly reality. And this has been a very big project which we have been completing -- and we have been working on this many years of your time frame.

So what you need to realize is that this is the beginning phase of what is going to be a very steep period of acceleration for the Earthly energies because you are no longer in the grip of everything which has been so focused on holding the status quo, holding you where you were, keeping you from making progress as a people, as a consciousness on the Earth. There was much debris floating around the Earth that was responsible for holding this level of consciousness on the Earth, within humanity, and this has been removed as well by certain technology which we have access to, in concert with those who have brought this technology to bear on the Earth at this time -- most graciously, I will add -- because they come from "far off areas," shall we say, in the universe -- and they do not often come to this sector of the universe.

But their assistance was needed, and so it was requested that they come to assist with this -- and that is exactly what has happened. And it has been completed, most recently in your timeframe, and you are having the "fall out" of all of this upon the Earth now, and yes it is affecting all of you, it is affecting the atmosphere of Earth. But this is not a serious situation, this is a happy moment for the Earth, I will tell you, because for millennia this has been the objective of many of us that have wished to see you, as a people, as a planet, come to this point upon the Earth. So, yes, we are very excited about the possibilities which this presents for awakening humanity -- not to have the tonnage of the debris and the levels of interference which have been interfering with the acceleration of mankind's awareness for eons of time.

And so, you see the point that you have come to here – you see what has been done, what has been accomplished by many of us, who work steadfastly for your benefit in the higher realms, and often here on Earth. You simply do not see us (with physical eyes), so you are quite unaware of how many of us are gathered around the Earth at this particular point that you are experiencing in time – in order to make these huge shifts for the Earth, so that humanity may be freed from the chains, the energetic shackles which have been held upon you by those that most of you were totally unaware of their presence!

So you see, this is a very big picture that I am sharing with you this evening, and my purpose in this is, yes, to give you knowledge – to give you perspective – because I know that some of you are having a very difficult time right now in dealing with the energies which have been created by all of this destruction of this debris and the releasing of these energetic bonds which were holding the Earth in a certain frequency, shall we say. And, if you only knew how many have worked ceaselessly in order to accomplish this huge breakthrough for you, and for the Earth, and the great debt of gratitude that you owe them! And that is why I have requested that you stand to greet the ones that we have brought here to get to know you in these classes and events, because they wish to meet human beings! They wish to meet examples of the species that they have worked so hard to release from bondage.

And they were overjoyed to see the love that is in your hearts for all of them, and I was quite touched by this – by their response to your show of acknowledgment and respect for their presence on the Earth – because they have come a great distance. Many of them have done this at great personal sacrifice – leaving homes and families, leaving everything that they have known for extended periods of time – to come and assist you, out of love, out of appreciation for what you are doing for the Earth -- by invoking the presence of all of us who may then work ceaselessly to assist you, to assist Earth!

And so you see, it goes round and round – it is the circle. It is one helping another, who then reaches out a hand and helps another. And this is what is coming for Earth! This is the state of affairs that shortly you shall see more of this, I feel – this consciousness of working together to save the Earth from certain destruction, which would have taken place had none of this been allowed to occur.

So you see, you have changed the course of evolution on the planet! And THAT is no small accomplishment, I will tell you! And that is why I am here, sitting with you this evening -- to congratulate you on your heartfelt devotion – which has allowed you to come to THIS, your FINEST HOUR upon the Earth! Many have wished to be here in this moment. YOU were chosen! And you have done well! You have my heartfelt gratitude, as well as that of all the others who are gathered here – whose names are too numerous to mention. Yet, we all bless you and thank you for EVERYTHING that you have sacrificed to come here! To be here! You have left your star systems as well! Do you realize that? Yes, you are not “origin” of this planet. You were sent here in order to accomplish what has been done.

YOU are the ones who have taken human form, of these Legions of Light who have come to establish Freedom and Liberty on this spinning orb -- as it traverses through space. You are the ones who have liberated this planet from much of this obstruction – without even realizing it – by your presence, my dears! Because your sheer PRESENCE on this planet has so raised the light quotient upon this spinning

orb, until now it is at a much higher frequency, you see, simply because of your presence – of your heartfelt desire to BE of assistance to the people of Earth!

My heartfelt appreciation goes out to each of you! And I wish you to know WHO YOU ARE and where you have come from! You are ALL of the stars! You are ALL from other places and other times which, perhaps yet, still, you shall remember – when the time is right, and the wheel has come full circle, and all that is Sacred has been restored to this planet – by your hand, by your heart, by your devotion – and by your love.

I salute you! As does Germain! And ALL of the others who are here! We bow before you, to the greatness which is within each of you – yet you know not, at this moment -- but you will!

Blessings to each of you – in this, YOUR FINEST MOMENT upon Earth!

I am Portia, and I speak this Truth, in love, by the Grace of my Heart, to each of you now!

Go in Peace upon this planet – and do your work -- and BRING THE PLAN TO FRUITION for Earth, as you have vowed long ago, in the stars, that you would do!

My love to each of you!

Adieu, beloveds, and Namaste'
