I have a lot to say on many points. I know that we did a lot of work with the civil rights movement, but the challenges that you have today are so much greater than what I faced, that this is why I wish to come back to the service of Earth, to speak with people – to inspire them to realize the strength that is within their hearts and minds, and we are going to bring this illumination to their minds, to their hearts – so that their minds, their hearts, and their hands all begin to work together to create the magnificent change that must come for your society – to free the minds and souls of people who are in such bondage now, without even being aware of this. We are going to wake them up out of the stupor into which they have fallen – into which they have been lulled by simply not being aware of what is going on. And it is time for people to wake up to the immense power that resides within them.

Thank you to Lady Portia and the others who have graciously allowed me to come forward to speak to you, to address your group with my concerns and to enlist your aid in this great work that must be done. Yes, I have a dream for Earth – I have a dream for you! And it shall be done by each of you – by your hands – because you are the ones on Earth now! And it can only be done – this great work – by people such as you, who are awake, aware, and willing to speak up – to speak the truth that you know, that is even now within your hearts. This is the truth that beats your hearts, dear ones! And it is from this point within you that you will be speaking – and this is what will move your fellow man to take action, to realize, to change, and to evolve into the higher form for humanity, which is even now, by the grace of God, coming forth onto Earth!

I will take my leave of you now for there are many coming forward who wish to speak to you. Thank you for allowing me to speak, and my deep love extends to all of you.

I shall come again to be with you.
