The Beings of Light are wanting us to realize is that by using the Sacred Fire - the Solar Fire - we can clean the seven chakra system and restore this to proper functioning and also to use the solar radiance of this light to fully activate our 12 chakra system which, as you know, operates on the Solar Fire which is 5th dimensional energy. So, as humanity learns how to integrate this higher 5th dimensional energy into our bodies, into the 4 lower bodies: - the physical, etheric, mental and emotional - this is what is going to re-wire your DNA on the pattern of perfection and eliminate the disease and suffering of Earth and to lift all life into 5th dimensional frequencies of divine perfection.

And so this is why the Beings of Light are bringing forth this very important knowledge and this perspective now and urging us to learn how to call forth the Sacred Solar Fire. And they're wanting me to mention that they have said before that "Fire calls forth Fire" and to use the 3 fold flame of your divinity within your heart center when you make the call to call forth the Violet Transmuting Flame or any of the other Sacred Fires, such as the Resurrection Flame; the Emerald Ray of Healing with the Violet Radiance - it's healing through infinite transmutation. And we're going to be learning how to call forth all of these different aspects of the Sacred Fire, in order to re-wire our 4 lower bodies: how to activate our DNA and to eliminate disease and suffering and all of the other maladies which have for so long afflicted humanity on the Earth. The time for the ending of that is now at hand and that is what we wish each one of you to realize. As the moment is at hand where you can, in an instant, claim your power to claim your divinity within your heart center, within the 3 fold flame: the Crystalline Pink of the Divine Love nature of the Feminine aspect of the Goddess presence; the Sapphire Blue - the Male polarity of divinity and the Gold Flame of Wisdom and the Christ presence.

Beautiful ones, know that when you make the call to divinity from this point of divinity within you, there is nothing whatsoever that can stop the returning answer of this energy which is, even now, enfolding you as you sit within this room, to hold the radiance of this light and to remember the truth about your divine being.

And so when you make the call to Suns beyond Suns or for the anchoring of the Violet Fire, first go deeply within the peace and silence of the beautiful heart center within humanity and then you will know the answer to your call. As this beautiful light will instantly, in a ray, strike down to the Earth in answer to your call. And you will learn how to use all of this and more, as I did - and this is Jeshua speaking. - This is the mirror of the Divinity within each one of you that you are able to call forth by trusting, by being silent and going within and finding this center of Divinity within you and standing within this place to make your call for assistance.

This is just one of the truths that I knew and the effect was the miracles that you have seen, many of you, because many of you were there to observe, to see the work being done by the answering call from the God presence of Sacred Fire. And you shall learn to do the same. This is the time that has been spoken of, of the miracles being done once again upon the Earth and you shall do this this time because you are the ones here in physical embodiment and it is not by accident. You have the knowledge encoded deep within each of you of exactly how to do this. So though it may seem

foreign at first, do not be afraid to use the technology of the Sacred Fire because you have great affinity for this. Each one of you is a master in the use of Sacred Fire else you would not be sitting here now.

Hear my words as I speak to each of you to remind you of who you are and all that you know. And it will be coming into your conscious minds as you call it forth by the use of it but you must begin somewhere, you must begin in the present moment to call forth the Sacred Fire in your quiet moments, in your meditations and to practice with this and the knowledge will come to each of you. I can promise you this because it is not difficult, you only believe that it is. If it were difficult I could not have done it. And you are equally, in your knowledge and ability you are equally as knowledgeable and as able as I. And this is what you're going to learn, this is the key that unlocks the door to all you are seeking – to the mysteries of the universe and beyond; to immortality and freedom.

But first you must unlock the door by your trust, by your perseverance in the face of all seeming adversity and you will be surprised how easy it is in reality because all of us will be standing right beside each of you, as you take these steps further upon your path towards the light and towards all knowledge and peace.

You do not walk this path alone, even as I did not walk my path alone upon the Earth, yet in the attendance of angels and masters, teachers, guides. You see, they are all about you if you open your spiritual eyes to perceive the love that stands round about each of you. It is so simple when you realize the divine truth of the present moment and delete all old fears and limiting beliefs from your vocabulary. We stand with you to assist, to teach, to encourage, to inspire but first you must open the door by doing your meditations, by calling forth the light and the healing and trusting that it will be done. There is nothing standing between any of you and perfect peace and divine perfection once you realize how to open the door.

Blessings to each of you and we hope that this information is helpful to each one of you.

Our love to each of you.

Adieu.
