**Stepping through the veil of consciousness!**

**From darkness into Light**

**Leaving behind all care and pain. . .**

**In the Radiance of Transcendent Light!**

**We leave behind the earthly world of so much sorrow and pain**

**To BE -- once again -- Divine!**

**Released, finally – into the beauty of Your Light,**

**Radiant Ones of the Ascended Realms!**

**Coming home – to the beauty of your Presence**

**And the remembrance of your love. . .**

**Just one small step more!**

**To break all earthly bonds and release all cares**

**As the Angels, with their Sacred Swords of Light**

**Now sever the Silver Cord**

**And we are FREE!**

**The shades of the past fall far behind us now**

**As we approach the Golden Gateway!**

**The Heaven Realms of Pure Light**

**Shining in their splendor before us now!**

**Stepping through the veil**

**From Darkness into Light!**
