Channel’s Note: Although Edgar Cayce was a renowned source of much advanced medical information and perspective, he was not recognized as a medical doctor while in his earthly incarnation. Now that he is in the spiritual realms, he is recognized as a “Doctor of Medicine,” and has the title of “Dr. Cayce,” which he so truly deserves. He says that he now works exclusively with the new “Energy Medicine” formats.

He lovingly brings the following information to those of us on Earth in order to support and assist us in the process of absorbing and integrating the many new frequencies of energy that are available to us now, as we enter the 5th dimensional realm of energies which usher in the New Golden Age of Peace on our planet. He says that he realizes that this can be a challenge for many people, because some of these new energies vibrate at very high frequencies, which may not seem to be “familiar” to our bodies and, therefore, may present some challenge. At times the body will reject what feels “strange” or different from what it is used to experiencing. Wearing gold on the body helps to both soften the effects of absorbing these energies and make them more accessible to the body, acting as somewhat of a “transmitter” for these energies for absorption by the body.

GOLD: Dr. Edgar Cayce describes the properties of gold as follows: “Gold is more than a metal, having many attributes not found in other metals. It is of overall benefit to the body more than anything else that can be worn. Gold is, truly, the ‘energy of the New Age,’ in condensed material form -- and a transmitter of same to the body.”

THE ATTRIBUTES OF GOLD:

- Refines the auric field, as well as body energies, and assists the 4 lower bodies in receiving and assimilating the higher energies available to humanity now.
- Acts as a protection against receiving many lower energetic vibrations by keeping the body energy “set” at a high point.
- Receives angelic energies from the higher realms and downloads these into the body, when worn about the body.
- Assists in the dream state toward lucid dreaming, or “conscious dreaming” where it is possible to retain more awareness in the dream state.
- Brings in the Christ energies from the higher realms and assists in transmitting these into the body.
- Aids the body in resisting the “lower impulses,” such as selfishness, greed, hatred, etc.
- Refines the soul impulse in the body and connects the body and soul in new and more complete ways.
- Gold is the most “noble” of metals, and carries the energies of the Divine Perfection possible in human form.

- Attracts Divinity to self.
- Attracts the Devic kingdom, for the benefit of the wearer.
- Aids the wearer's intuition and knowingness by enhancing the higher chakras when worn about the throat.
- Assists in refining the energy of all the body centers, or chakras.
- All of the above, as well as many other attributes too numerous to mention.

Channel's Note: There are many choices in gold jewelry: 14 karat, 18 karat, and so on. There are also sources that import and make available 23 and 24 karat jewelry from Thailand, for example.
