**“This is a very large plan which is now playing out
for earth! Many do not fully realize what is happening,
hence the need for this message.”**

Will you choose love or fear? You have had the emergence of this coronavirus, which many have used as an opportunity to exert control over the consciousness of earth. Realize what is at stake! Realize what is happening! Realize the important choices which are being presented to you. Humans have never before been presented with such a stark contrast of alternatives: love or fear – freedom or control!

You are learning a hard lesson in your country about the effects of polarization and schism in society, and how the forces of hatred can destroy society (as a consequence of the societal reactions to the recent death of George Floyd at the hands of Minneapolis police officers). Witness the recent riots that have occurred in many cities all across the United States. As we have often said, “schism creates anarchy – but love creates peace!” You have the opportunity to choose between these alternatives. Which would you prefer to experience?

We see the flames burning your cities, as crowds of people riot in the streets. Is this the reality you want? If not, you can change it! There are many forces trying to take control of consciousness now – for their own selfish and destructive purposes. Be aware that there are factions within your society trying to exert influence in order to control the consciousness of the nation at this time in your evolutionary history.

It has ever been so – with those who believe that power will bring them the riches they desire! However, the end of this story is always the same: the destruction of a community, a society, or an entire civilization.

Do not fall into the trap – think for yourselves! Open your eyes and see the whole picture of what is occurring in your country. Identify all the actors on the “stage of this drama!” Do not allow yourselves to be led, like lambs to the slaughter, by those who do not have your best interests at heart. You are not sheep – to be told what to do! You are intelligent and courageous Beings of Light – here on this planet – to perform a mission, and that is to bring Truth, Love, and Light into situations such as this – to prevent the tyranny of petty dictators and their servants -- who would wish to control consciousness.

Our word to all of you is to go to the centerpoint within yourselves, and access that still, quiet place, where you can perceive the truth. There are many loud voices speaking from a place of emotion and reaction to many events in your country and, indeed, your entire world.

Keep the higher perspective, and be aware that the energies of peace, love, and oneness still exist in your world. It is up to you, all of you, to reach up to a higher level of consciousness when all of these violent actions are taking place. Do not allow your consciousness to be overrun and controlled by scenes of violence. You are the Lightworkers for the planet – holding the higher energies of Peace, Love, and Oneness, which are so needed now in order to counteract the tendency to act from a place of violence and a sense of being disenfranchised and powerless.

The lower consciousness would work to create division among people, based on hatred and fear. Do not fall into this trap! Maintain your higher perspective, where you can see the Oneness of all life. This supports the higher plan which is even now manifesting for earth – and it is based on love!

“Divide and Conquer”

This is a well-known strategy, “divide and conquer,” and it has been effectively employed for millennia on earth, by those who do not have your best interests at heart! We tell you now: Maintain the higher perspective on all you see manifesting – both on earth as a whole, and within your society. Do not at any time “be led down the rabbit hole” of fear, doubt, anger, or revenge!

Be aware that there are many who would lead you into lower energies and lower levels of consciousness – for their own misguided reasons. It is up to all of you to choose the higher path which is aligned with Divine Truth, and to guide your society through this time – which is filled with such extraordinary challenges!

You did not come here to be the “sheep” – who are led, controlled, and told what to think! You can see the Divine Truth of what is occurring, and you are able to perceive the many attempts at manipulation of consciousness which are happening today.

“Victory in the Light!”

Know that those of us in the Higher Realms constantly advise all of you – in this time of such challenge to your consciousness, as well as your ability to stay aligned with Light and the higher energies of peace, love, and oneness! This is the “foundation of consciousness” for all of you, which will lead you forward – to Victory in the Light!

Remain in higher consciousness! Refuse to devolve into reaction, hatred, revenge, and violence – where you can be controlled – like “sheep to the slaughter!” Perhaps you are not facing imminent death in bodily terms, but this path would lead many to “the death of the spiritual life,” and destroy the higher consciousness within you!

We want to bring you the good news that all of you are gradually learning to “hold your own” against these attempts at control and manipulation! You are starting to perceive “the hidden hand of power,” or “the man behind the curtain,” which is the lower consciousness that does not have your best interests at heart!

You are all learning to think for yourselves and open your eyes – to perceive reality on many levels. You can see the lies, the twisted truths, and the half-told stories of what has really happened. It is time to think for yourselves! And it has never been more important than at the present time – when “everything is coming to a head,” so to speak, and you are literally at a point of choosing the future of earth!

Many do not realize this truth! They see all of these things happening, but do not realize their full significance! And that is precisely why it has become necessary to

bring you this message, to say that you are correct in your estimation of what you are seeing and how you are analyzing the situation.

“Moment of Choice – Moment of Change!”

This is a “Moment of Choice” – an important moment of change on earth! You are literally choosing the future of your country – and, in many ways, shaping the future of earth. We in the ascended realms work for Freedom – and we know that many of you do, as well – and we want to encourage you in this “watershed” moment of such extraordinary power, which holds the ability to shape the future of earth!

This is the “Moment of Choice” for your civilization – and for earth. This country has an amazing ability, in this moment, to affect the future course of events on earth! You may not fully realize this, but it is easily seen by those of us in the higher realms – because of our “larger perspective,” shall we say, on things such as this.

“The Watershed Moment”

There are specific times, in all civilizations, when things are “poised for great change,” let us say! You are in the “watershed moment,” for this country – which is the balance point between going further on the path of freedom and the expansion of consciousness – or devolving into a society of control and manipulation of consciousness.

We will just “call a spade a spade,” at this point – because there is no time to waste on “beating about the bush!” You need to know all of this NOW for the decisions that you will be making. There are many elements within your society who would like very much to exert more control over you and what you think – so you need to be very careful in your decisions now.

As I have said, this is a “watershed moment,” where lower energies are trying to control consciousness – but they do not have to succeed, IF you wake up and do not “play the game!” And, by the term “playing their game,” I mean going into fear – or lower energies! They cannot control you when you are expressing love and the higher energies of peace and freedom.

“The Way Forward”

We know that many of you are extremely dedicated to the ideals of truth and freedom, and that you are clear about the way forward. However, some of you are wavering and wondering what is true regarding what is going on at the present time on earth. So we have brought you this message – to bolster your confidence and tell you that you are correct in what you see about present events and the circumstances which have brought all of this forward.

Do not be overly concerned about this matter and go into fear, because this will not continue into what it could have been – if you all stand strong in the light – and do not go into a state of fear – where you can be manipulated.

We wish you the best, as you go forward in this time of such extraordinary challenges on earth. We know that you will do your best to remain aligned in the higher energies of Love and Light!

You are the Warriors of Light for Earth – and you have come here with a Mission!

Never forget! Be strong!

We send you our Love, which is powerful beyond your knowing!

Be at peace,

We are Lady Portia and Count St. Germain bringing you this message, dearest ones.
